

WHAT DO THEY EAT ?

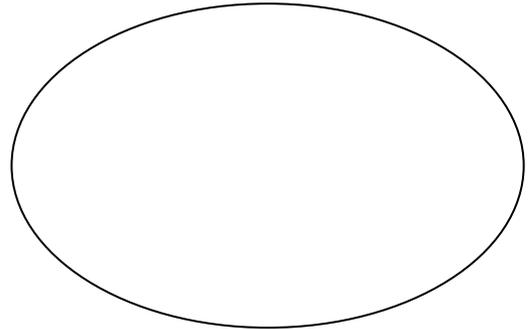

Name and draw these animals that live at the Eurobodalla Regional Botanic Gardens.

If you don't know any look in the box for some animals to choose.)

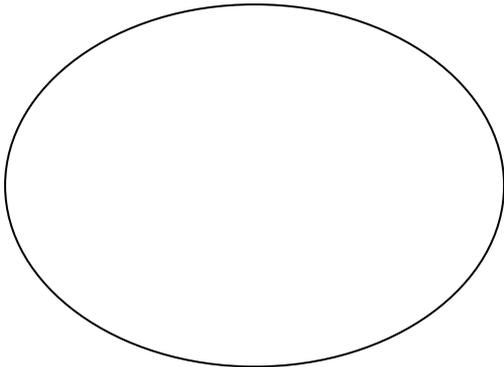

1. A furry animal that eats plants

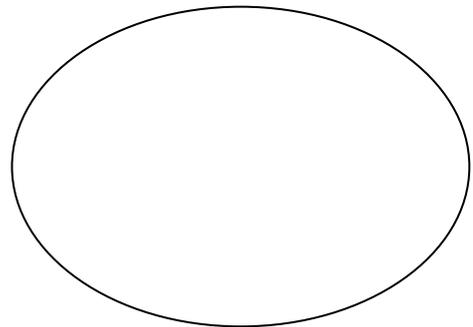

2. An animal that eats insects

3. A bird that eats small furry animals

4. An insect that eats plants

owl, wallaby lizard, caterpillar, spider, kangaroo, beetle, eagle, echidna

Label each animal with H for herbivore or C for carnivore.

*Now draw an omnivore
(an animal that eats plants and animals)
– Clue: look in the mirror*
